INFORMATION TECHNOLOGY OBJECTIVE

I'm a dedicated IT student at Kirinyaga University seeking to leverage hardware troubleshooting and network maintenance skills. Passionate about building responsive and user-focused websites, I strive to deliver clean, secure, and innovative web solutions while keeping up with the latest IT trends.

- Create responsive and scalable web applications
- Apply modern frameworks and clean coding practices
- Enhance user experience through innovative IT solutions
- Stay updated with emerging web development technologies

TECHNICAL SKILLS

Hardware

I create responsive websites and ensure reliable hardware systems, combining web development skills with hands-on IT support to deliver complete and innovative technology solutions.

- Develop responsive and user-friendly web applications
- Apply clean coding standards and modern frameworks
- Assemble, configure, and troubleshoot hardware systems
- Ensure reliable IT infrastructure with innovative solutions
- Continuously learn emerging technologies in both web and hardware

Software

- Passionate about building efficient and reliable software solutions that solve real-world problems while embracing the latest programming technologies.
- Design, develop, and maintain efficient software applications
- Apply problem-solving skills to deliver innovative solutions
- Ensure software reliability through testing and debugging
- Continuously improve skills in modern programming languages

Also skilled in:
-Programming: Java, Python, and C++
-Web Development: JavaScript, HTML, CSS, and React.js

Networking

Focused on building and maintaining secure, fast, and reliable networks that keep people and businesses connected.

PRACTICAL EXPERIENCE

- IT Volunteer Kirinyaga University Computer Lab Jan-Mar 2024
- -Reduced lab downtime by 30% by diagnosing faulty RAM sticks and HDDs
- Trained 3 Computer Science students on Microsoft Teams usage during remote learning

EDUCATION

Degree in IT, Kirinyaga University, Kirinyaga Campus | 2023-2025
- Relevant Coursework:
- Web Application Development
- Cloud Computing Fundamentals
- Network Security
- Web Design & Development (HTML, CSS, JavaScript)
- Programming Fundamentals (Python, PHP, Java)
- Database Management Systems (DBMS)
- Computer Hardware & Maintenance
- Operating Systems & Administration

Relevant Projects

- Built a responsive portfolio using HTML, CSS, and JavaScript
- Deployed the Website on GitHub page.
- Built a responsive Passenger Count Website and deployed it on GitHub.

CERTIFICATIONS

- Microsoft Office Specialist (MOS) - Excel & Word (2024)
- Google IT Support - In Progress (50% Complete).
- HTML, CSS, and JavaScript Specialist
- React.js in Progress (60%) on Scrimba.com
